Re: Andrea Hunter Named VP Audit & Business Development

We are proud to announce an addition to the RDS auditing team. As of June 17, 2010 Andrea Hunter has been named Vice President of Audit and Business Development. Andrea has more than 20 years of government finance and auditing experience.

Andrea is excited about the opportunity to lead the RDS staff of more than 75 Certified Revenue Examiners and Certified Public Accountants. "I want to take the auditing department to the next level at RDS," says Hunter. "We have a duty to our clients, the cities and counties, to ensure taxpayer and other revenue source compliance."

Andrea began her career as a revenue officer for the Cities of Montevallo and Leeds. In 1993 she went to work for PASH, a predecessor of RDS, where she helped change the tax software company into a third-party revenue administration company. Andrea spent nearly 10 years working with PASH/AlaTax where she managed many functions of the operations department before "retiring" in 2002 in preparation for the birth of her two children. In 2004 she formed her own auditing company and has since been contracting with RDS.

"Andrea brings so much to the RDS team," says Kennon Walthall, president of RDS. "She has worked in local government and owned her own auditing firm. She knows local government and the issues facing our elected officials and support staff. We are very happy that Andrea has joined the RDS team."

If you would like to contact Andrea, please email her at ahunter@revds.com or give her a call at 205.423.4139. Thanks again for partnering with RDS.
